ADHESION

I wish to become a member of the Armadeus Project association and undertake to respect the charter as well as the by-laws of the association of which I declare I am aware. In particular, I declare that I am aware that the electronic boards purchased through the armadeus systems shop at an "armadeus project association" price can only be used for leisure or educational purposes and cannot, under any circumstances, be used for commercial purposes. After having signed and returned this application, I shall receive the password which will allow me to take part in the activities of the association (mailing list, wiki etc). I can then create an account in the armadeus systems' shop by validating the option "member of the Armadeus Project association". After a short time period for validation by the company, I shall automatically benefit from its preferential prices.

ADDITIONAL INFORMATION

I wish to be included in the association's mailing list. In the event of not wanting to be included in the list, I undertake to make the necessary arrangements for finding out the dates of any general meetings by using the information displayed on the internet site.

Please return this form to the following address :

**Association Armadeus Project
7, rue de Stalingrad
68100 Mulhouse
FRANCE**

or by **email** (signed version mandatory) to: **adhesion@armadeus.org**
